“The most versatile,  
extensive range in  
today's sneaker market.”

## ABOUT/ SNEAKERS ER

**Founded in 2015 by two friends and sneaker enthusiasts, Alan Lynn and Robert Stewart, from Glasgow, SNEAKERS ER was established to bring the best quality sneaker care products to market.**

Alan & Robert have long established relationships with sneakers dating back to the early Crooked Tongues forum and beyond.

Both own sneaker collections of several hundred pairs (and growing), perfect for meticulously testing new product ideas on!

Our range is researched, designed and developed with the sole purpose of keeping your sneakers at their optimum best.

We source premium materials both locally (when possible) and responsibly, never compromising on quality.

SNEAKERS ER strive to be the best, resulting in a full and comprehensive range that our loyal customers know and love today.

## BERGAMOT & CEDARWOOD

**Bergamot (*Citrus uranum* var. *bergamia*):** is a small, roughly shaped citrus fruit which grows on small trees known as bergamots. Named after the Italian city of Bergamo, the essential oil of bergamot is expressed from the ripe fruit peel which gives a sweet fresh aroma.

**Cedarwood (*Cedrus*):** is a genus of conifers trees in the plant family Pinaceae, a native of the Himalaya mountains and Mediterranean region. Giving off a distinct woody, spicy scent.

## MEDITERRANEAN LEMON

**Mediterranean Lemon (*Citrus lemon*):** is a bright yellow fruit from a small thorny tree which originates from the Middle East before being brought to Spain, most likely a hybrid of Lime and Citron, with a sweet undertone and aromatic scent.

**Orange (*Citrus sinensis*):** is a citrus fruit which is a hybrid of Pomelo and Mandarin. From an evergreen flowery tree that is the most common tree fruit grown. Provides a sweet citrus scent.

**Sandalwood (*Santalum Album*):** is obtained from the trees of the genus *Santalum*, heavy in colour it retains its oriental, woody fragrance for a long time.

# Complimentary sneaker clean and protect

New Balance Flagship Store  
287-291 Oxford St, Mayfair,  
London W1C 2DR

To help celebrate the worldwide launch of the 990v4 model, New Balance requested SNEAKERS ER to be part of an in store activation within their U.K. flagship store on London's Oxford Street.

The activation included a complete Sneaker Laundry set up, built and installed to compliment the UK & US "Made In" retail area. Customers were able to receive "Quick Cleans" whilst taking a seat at our custom built SNEAKERS ER Cleaning Chair while also being able to leave New Balance sneakers overnight for a deeper, more thorough clean.

The prestigious activation also presented SNEAKERS ER with a perfect opportunity to launch our new range of re-branded products.

adidas x SNEAKERSER+

# SNEAKERSER+

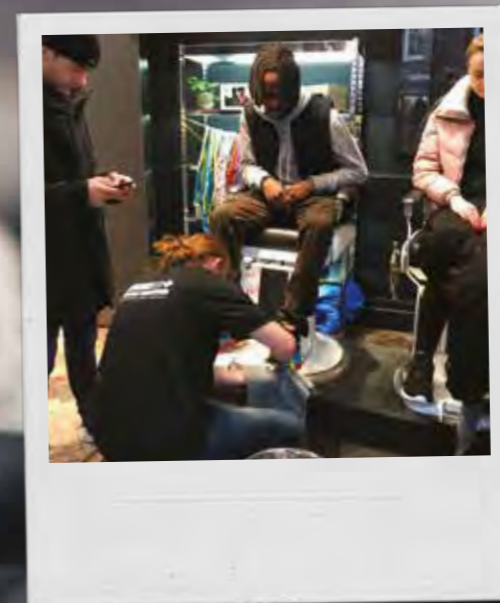

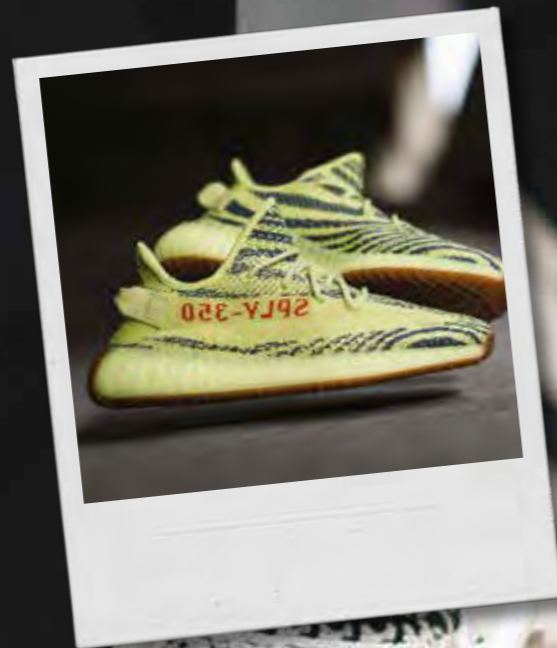

Complimentary cleaning service this Saturday from 1pm  
at the adidas flagship store, London E1.

15 Hanbury Street  
London E1.

To mark the release of the YEEZY 350 Frozen Yellow model, adidas Originals invited SNEAKERS ER to install and run two "quick clean" cleaning chairs within their flagship concept store on Hanbury Street, Shoreditch.

On release day, adidas originals customers could take advantage of complimentary cleans from our team of Sneaker Care Technicians.

**Our collaboration with adidas at the end of 2017 was easily our highlight of the year.**

We worked alongside Chris Law at adidas' Portland HQ and after 12 months of hard work we launched the adidas 'Crafted Pack', the pack consisted of 3 adidas classic models, Gazelle, Campus and Forum Hi, each model was presented in a large, never seen before, two tier box that also included our SNEAKERS ER bespoke clean and protect kit which was a first for adidas.

For myself & Rob it was a life long dream, we were brought up with adidas and to actually get to work alongside the industry giants was the highlight of our year. From the initial chats all the way through to our time on the adidas Portland campus, it was a joy to be part of the project and to see our special packs sell all around the world in the finest sneaker boutiques was pretty special.

Each shoe was of the highest premium quality, Antelope leather supplied by Charles F Stead was used and the results were amazing, we selected the products we felt were best suited to the adidas models. Cleaner Kit was the obvious choice to keep the sneakers in prime condition but we also included our Superhydrophobic Protector Kit as the leather was unfinished and this provided a welcome barrier.

FORUM HI

GAZELLE

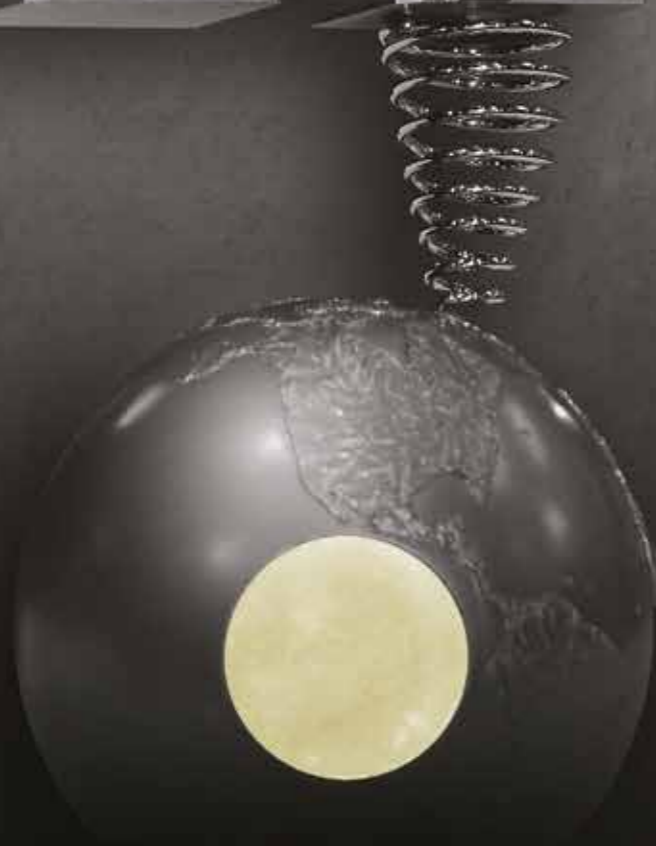

The high-top Forum Hi basketball model is pushed to its most luxurious iteration, featuring a premium suede upper accented with a unique, adapted white stripe and white high-end laces.

The shoe's construction is the work of a master craftsman, giving an artisanal touch to the classic bold design.

The Gazelle assumes a one-piece approach in premium suede, rendered in a rich Navy Blue with gold foil details.

A contrast white tongue and laces complete the picture, placed atop a classic white midsole.

MTV, the original Music Video Station, requested that SNEAKERS ER become a part of the 2017 MTV EMA awards at the SSE Arena in Wembley, London, by gifting each artist a limited edition Sneaker Cleaning Pack.

We created a small run of 100 co-branded Cleaning Packs to be placed in each artists dressing room prior to their performance on the night.
